INTRODUCTION

A skilled graphic designer and front-end web developer with over 5 years of industry experience, adept at creating user-friendly, responsive, and accessible websites. Known for a strong work ethic, attention to detail, and effective communication and problem-solving abilities. Proven track record of delivering successful projects for clients from small businesses to PLCs across various industries such as technology, construction, and non-profit organisations. Strong project management and time management skills, with the ability to work well under pressure, and to take initiative and ownership of tasks.

CAREER

Think Design Manchester / Graphic Designer & Web Developer

OCT 2017 – PRESENT, MANCHESTER

Achievements including:

- Worked with over 120 clients including BIMA, Fresh Start Waste, and the University of Manchester.
- 55 websites built and managed, including Keymer, Thomas James Clocks, and Crookes Walker Consulting.

Tasks including:

- Building and customising WordPress themes and plugins to create visually appealing and functional websites.
- Providing technical support and troubleshooting to clients who are managing their own websites.
- Designing and prototyping user interfaces, such as wireframes and mockups, to demonstrate the layout and functionality of a product.
- Presenting design concepts to clients, the creative director, and the wider team.
- Preparing artwork for both print and digital media.
- Developing and maintaining design documentation, such as style guides, to ensure consistency across a product or brand.

FoxDuo Design / Graphic Design Intern

APR 2017 – MAY 2017

Tasks including:

- Participating in meetings with clients and other team members to understand project requirements.
- Preparing design files for print and digital media.
- Introduction to building websites with WordPress.
